CONDITION TERMINOLOGY FOR PAPER

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.

Choice Unc. (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.

Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.

Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.

AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.

EF (Extremely Fine) - An item which may, at first glance, look uncirculated, but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.

VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.

F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.

VG (Very Good) - A well-circulated item, complete, unimpaired except for petty tears and splits, pin holes, some surface splitting along heavy folds and soiling.

Good - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.

Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.

Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.

Abt (before a grade) - A shade below the grade it precedes.

Plus or + (following a grade) - A shade better than the grade.

VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.

VF/Good (slash between two grades) - Face and back are two different grades. The grade preceding the slash is for the face. The grade following is for the back.

SOCIETY OF PAPER MONEY COLLECTORS

HISTORY

At the 1960 A.N.A. Convention in Boston, a small group of paper money collectors met informally and agreed that a regular organization would be desirable. During the next year, an organization was formed comprising collectors of tokens, medals and obsolete paper money. At the 1961 Atlanta A.N.A. Convention, it was decided to withdraw from the tokens and medals group and organize separately into the Society of Paper Money Collectors. In June 1964, the Society was incorporated as a non-profit organization under the laws of the District of Columbia.

OBJECTIVES

1. Encourage the collecting and study of paper money.
2. Cultivate fraternal collector relations with the opportunities for discussion, trading, etc.
3. Furnish information and knowledge from experts in various fields, particularly through the Society's Paper Money Magazine.
4. Encourage research and publication about paper money.
5. Promote interest in the hobby of numismatics.
6. Encourage educational exhibits about paper money.
7. Promote education about current market valuations.

MAGAZINE

The Society's magazine, *PAPER MONEY*, is published six times a year and is sent to all members. It contains informative articles about various paper money collecting interests and lists new members and their collecting specialities.

BOOKS

The Society maintains an active book publication program on the obsolete currency of various states.

MEETINGS

The Society is affiliated with the American Numismatic Association and conducts a regional meeting at their annual convention. The Society holds meetings at other regional events and cosponsors a number of major paper money conventions each year.

MEMBERSHIP

Anyone interested in supporting the objectives of the Society is eligible for membership. Applicants should be sponsored by a current member, or the Secretary will sponsor new applicants who provide suitable references, such as dealers with whom they have done business.

Public Auction #174 - Lots 1001-1674

The Ramada Hotel O'Hare, Rosemont, Illinois

George D. Hatie Collection

The late George D. Hatie, who died last year at the age of 87, is a figure so well known in numismatic circles as scarcely to require any introduction by us. A long time resident of Michigan and a practicing lawyer from 1933 until his death, he was a civic minded citizen active in such organizations as the National Kidney Foundation, the Michigan State and American Humane Societies and the Girl Scouts.

His importance to us lies in the fact that from the age of 38 on, he was an active numismatist, writing articles, exhibiting his collection at conventions, acquiring a large library and sharing his knowledge with others. For this, he received the coveted A.N.A. Farran Zerbe Award in 1982. He further served on the 1975 Assay Commission and appeared before Congress to testify on coin questions. He was also active in the A.N.A., serving on seventeen committees, being Vice President (1973-1975, 1977-1979), President (1979-1981) and was the A.N.A. counsel twice, and so at his death (1965-1969; 1981-1997).

Hatie's collecting interests were wide and are reflected in the items being offered for sale. He was keenly interested in notes issued before 1800 and in the case of his American Colonial bills, he combined that interest by trying to acquire at least one note that had the signature of every

available signer of the Declaration of Independence. His collection of Assignats and the Billets de Confiance issued during the French Revolution are extraordinary in their breadth.

Another key interest for him was collecting notes with pictures of coins on them. This interest spanned both American and foreign issues and resulted in his writing two articles on the subject for the **Numismatist**. He was also interested in Washingtoniana, collecting Patriotic envelopes with the first President's picture on them.

R.M. Smythe & Company is pleased to be able to offer this extraordinary collection to the general public.

1014 United States of America. Fourth Bill of Exchange. 225 Mexican Dollars. (US105-5A). No.271. **VF**, rough edges. (\$500-900)

Signed by Francis Hopkinson, Signer of the Declaration of Independence, as Treasurer of Loans. Also signed by Nathaniel Appleton as Loan Commissioner of the United States in Massachusetts. The Mexican dollar denominated bills are much rarer than the livres tournois certificates. John Jay was dispatched to Madrid with a view of concluding an alliance with Spain, which was at war with Britain. Jay was also under orders to secure further funding from Spain above and beyond the modest million livres tournois which Spain had given secretly to the Americans prior to the declaration of war on Great Britain. Carlos III, who was far more intelligent than Louis XVI, realized that the principles for which the Americans were fighting meant the end of not only absolute monarchy in Spain, but the eventual loss of the Spanish empire in the Americas. He therefore refused to receive Jay and granted the Americans a modest loan of another million livres (\$187,000) to prevent all the bills drawn on Madrid from being protested and to give Jay time to let Congress know that no more Mexican dollar drafts were to be drawn. Such bills appear to have been confined exclusively to Boston and Philadelphia, the capitals of the two most developed American states.

An Exceptionally Choice Group of North Carolina April 2, 1776 Notes

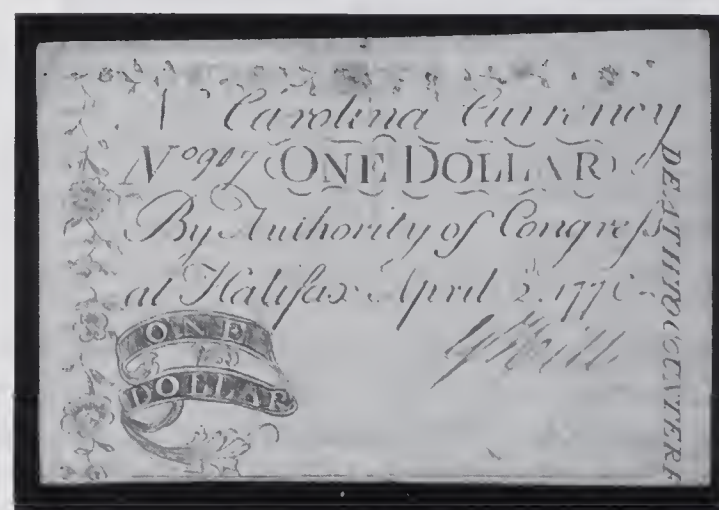

- 1039 \$1/8. NCSN in white letters on black. Fair, split in half, pin holes, held together with library mending tape and with about 10% of the note missing at the bottom from the center fold to the right edge. (\$50-100)

- 1040 \$1/4. Barracuda. No.3640. Thick paper. Abt VF, five or so folds, the heaviest being horizontal. The margins are extraordinarily nice. (\$200-400)

Signed by Williams. All of the notes of this series come on thick or thin laid paper. The thick paper is watermarked "J. Whatman" and has the "Pro Patria" watermark, i.e. a lion with scimitar, seated woman with helmet and spear, both within a stockade. These watermarks are seldom found on the notes, occurring as they do only once in a large sheet. Moreover, the collector should keep in mind that notes of this issue do not turn up all that much (they are not part of the 1748-1771 hoard that turned up at Memphis last year) and when they do they are Good to Fine, with plenty of problems including splits, bad trimming, soiling and faded signatures.

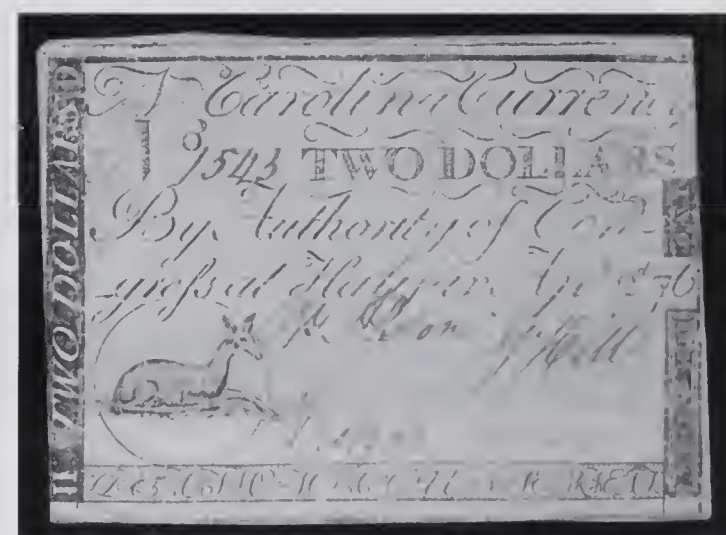

Lot 1040

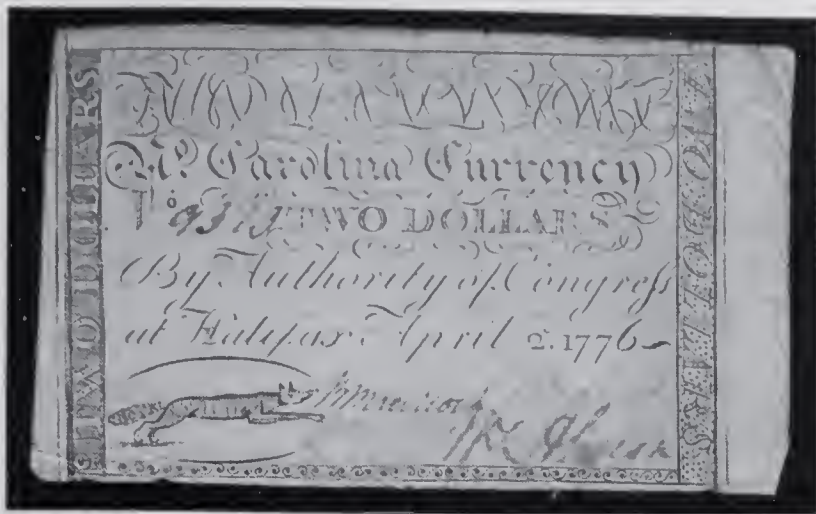

- 1041 \$1. White "One Dollar" on black. Thin paper. No.907.

Signed by Hilland Alston. VF, a heavy centerfold, other traces of handling a corner tip fold, and complete borders. Choice. (\$200-400)

Signed by Bradford (faint) Alston, McCulloch and Hill.

- 1050 \$7-1/2. Continental Flag of 1775. Thick paper. No.8281. **Abt EF**, three light folds, only visible on the back. The face looks **Unc**, the note is crisp, bright and vivid, with exceptionally nice margins for this note.

(\$375-750)

- 1051 \$7-1/2. Continental Flag of 1775. Thick paper. No. 3445. **VF**, four light folds, the back has four endorsements. The flag is sharper than last, but the note gives more impression of wear and the margins are narrower. Still a very nice representative of this popular type.

- 1093 \$50. 1880. Legal Tender. Fr.164. No.A942520. VF in terms of wear, but with two areas of light rust damage at the top, one of them taking a small piece out of the border. (\$500-750)

Scarce Refunding Certificate

- 1094 \$10. 1879. Refunding Certificate. Fr.214. No.A3308753. EF. Just two vertical folds, but they're a bit sharp. Tight at the bottom right, with a few tiny pinholes. A scarce short-lived issue that was far more expensive until numerous high grade example hit the market in recent years. Attractive circulated examples are still hard to come by. (\$1000-1250)

- 1089 \$5. 1862. Legal Tender. Fr.61a. No.48, Series 45. Choice Uncirculated. A bright, beautiful note that unfortunately was very tightly trimmed at the bottom. (\$900-1100)

Low's face design, but was completely responsible for the back design. Morris signed these notes for his children, the consecutive one, in better condition, being sold by us last June. - 1096 \$1. 1896. Silver Certificate. Fr.224. No.2216390. Better than VF in terms of wear, but a bit aged, signed "F.H. Bugher/ Washington D.C. /Oct. 11/96" broadly in the upper right field. (\$150-200)

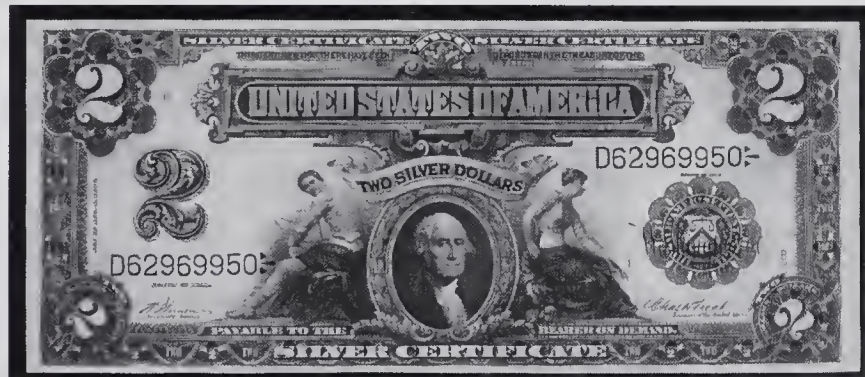

- 1097 \$1. 1899. Silver Certificate. Fr.233. Nos.R87456387R-88R. The first is a nice crisp VF, the second a full AU, very close to Unc. (\$90-110)

- 1102 \$2. 1899. Silver Certificate. Fr.254. No.H1312352. VG, or maybe a bit better. Somewhat soiled on the back, but with decent margins and no problems. The scarce Napier-Thompson variety, the key to the series. (\$75-100)

SCARCE SILVER DOLLAR BACK

- 1103 \$5. 1886. Silver Certificate. Fr.260. No.B2072360. Extremely Fine, with a couple of small pinholes. A bit close at the top, but clean and crisp, with the popular silver dollar back quite attractive. (\$1400-1600)

This is one of the scarcer varieties - the Fr.261 and Fr.263 together account for about two thirds of the known silver dollar backs, leaving one third for the other five varieties.

- 1104 \$10. 1891. Silver Certificate. Fr.299. No.E3670051. VF. A nice solid example, with decent margins and no problems. (\$500-600)

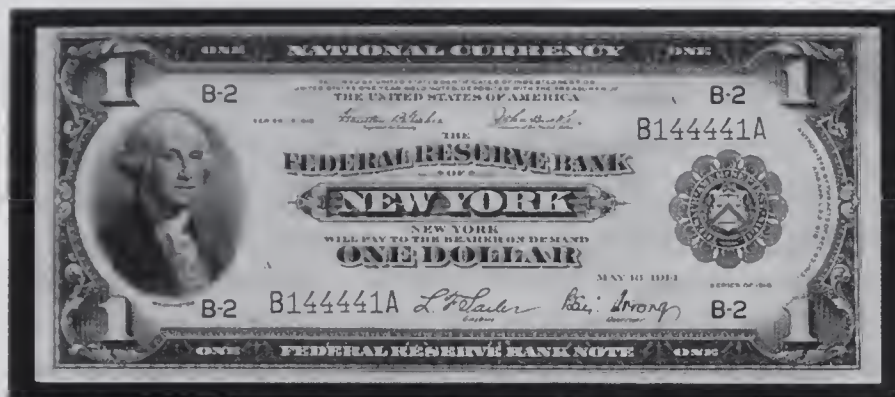

- 1105 \$20. 1891. Silver Certificate. Fr.317. No.E43670. A solid VF, with decent margins and no problems. The face has the look of at least a full grade better. A perfect choice for a type set. (\$1100-1300)

Popular "Technicolor" \$20.00 Gold

- 1112 \$20. 1905. Gold Certificate. Fr.1180. No.A1729648. Fine or a bit better, though the soiling on the back makes it look a grade lower. The face is better, with good color. (\$450-550)

- 1113 \$20. 1922. Gold Certificate. Fr.1187. No.K59368586. Choice Uncirculated, with a superbly vivid original orange back, not the mottled brownish orange that one so commonly finds. If the margins were a bit better this would qualify as one of the finest we have ever seen! (\$600-800)
- 1114 \$20. 1922. Gold Certificate. Fr.1187. No.K32900634. About Fine, lightly washed, with a short split at the bottom. (\$50-75)

NATIONAL GOLD BANK NOTES

- 1120 \$5. First National Gold Bank of San Francisco. Ch.1741. Fr.1136. 1870. No.K276513/7376. C. Very Good in terms of wear, but with pinholes, a couple of short but crudely repaired splits and a couple of small bald areas on the back from careless tape removal. Still has a decent overall appearance for this scarce and always well worn type. (\$600-900)

This note has one prior public appearance - a 1975 ad by veteran paper money specialist M.H. Loewenstern.

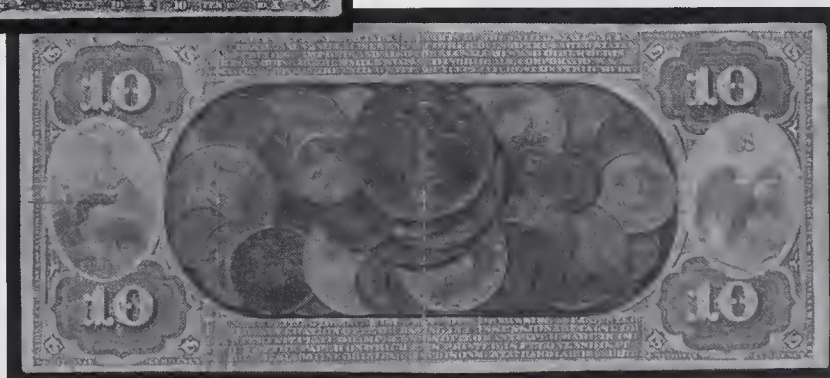

- 1121 \$5. National Gold Bank of D.O. Mills & Co., Sacramento. Ch.2014. Fr.1138. 1872. No.L312031/1618. B. Very Good, with some pinholes, and small bald spot at the center of the back, from wear. Far scarcer than the San Francisco \$5 above, which outnumbers it by about seven to one. (\$800-1000)

Finest Known \$10 on the National Gold Bank & Trust Co. of San Francisco

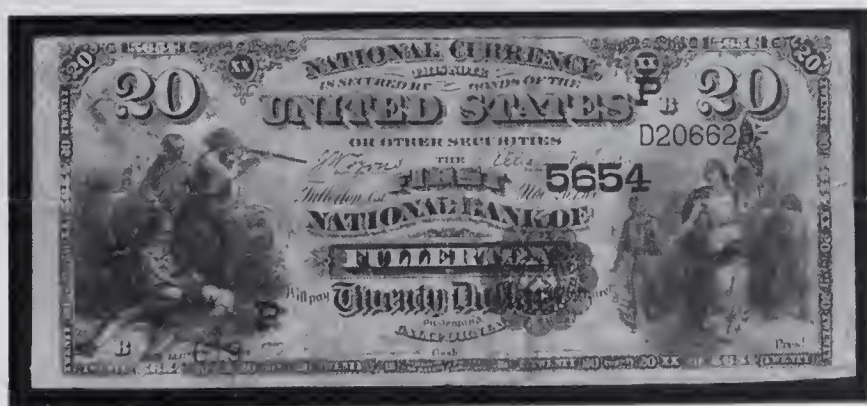

- 1122 \$10. National Gold Bank and Trust Co., San Francisco. Ch.1994. Fr.1143. 1872. Very Fine, with no edge splits, pinholes, or other problems, and good signatures and color. By a small margin the **Finest Known** of the eleven examples traced to date. A truly exceptional note not previously in the census. (\$6000-8000)

Only two of the eleven known examples come close to this one in grade - the Stack's October 1990 note ranks third, with a small nick in the top border and some pinholes, while second place goes to the CAA May 1996 note. The CAA note, although described as "perfectly margined," in fact had margins noticeably inferior to the note offered here, as can be easily seen in the catalog photos of the two notes. It was identical to this one in terms of wear.

U. S. FRACTIONAL CURRENCY

- 1246** 5 Cents. Fr.1230. **UNCUT BLOCK OF 4.** Extremely Fine. Still bright and clean. (\$60-80)

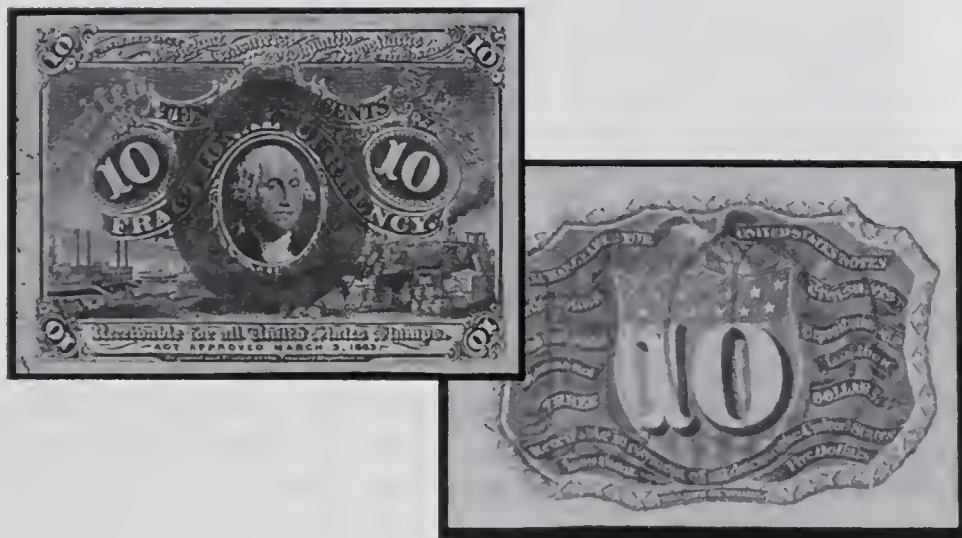

The first issue (Postage Currency) of fractional currency was made available to the public in sheet form, and various size uncut blocks and strips commonly circulated in place of dimes, quarters, or, as in this case, 20 Cent pieces.

- 1247** First Issue Trio. 5 Cents. Fr.1230; 10 Cents. Fr.1242; 50 Cents. Fr.1312. All Choice Uncirculated, gem but for a tight margin or two. [3] (\$100-150)

- 1249** 5 Cents. Fr.1233; 50 Cents. Fr.1379. Choice Uncirculated. Two attractive notes that would be gem if not for the centering. [2] (\$75-100)

- 1250** 10 Cents. Fr.1243. Choice Uncirculated. Somewhat closely trimmed, and just a trifle darker than usual, but nevertheless the rarest of the first issue 10 cent notes. (\$60-80)

- 1251** 10 Cents. Fr.1244. Gem Uncirculated. The left margin shows quaint tiny flecks of additional bronze. (\$75-100)

- 1252** 10 Cents. Fr.1244, 1246. Choice Uncirculated, or close to it. [2] (\$60-80)

- 1253** 10 Cents. Fr.1246. S-18-63. Gem Uncirculated. A lovely note, with a sharp, clear surcharge. (\$80-110)

- 1254** 10 Cents. Fr.1246. S-18-63; 10 Cents. Fr.1251. Red back. Both Choice Uncirculated, the first close to gem. The red back is very tight at the top left. [2] (\$100-150)

- 1255** 10 Cents. Fr.1249. Fiber paper, T-1-18-63. Choice Uncirculated. Trimmed slightly in at the left, but otherwise very nice. (\$125-150)

- 1260** 10 Cents. Fr.1257; 15 Cents. Fr.1267; 25 Cents. Fr.1301. All Choice Uncirculated, gem but for a tight margin. [3] (\$100-150)

- 1261** 10 Cents. Fr.1261; 15 Cents. Fr.1267; 25 Cents. Fr.1307. All Choice Uncirculated, gem but for a tight margin. [3] (\$100-150)

- 1262** 10 Cents. Fr.1266. Short Key. An unusually nice group, Choice to Gem Uncirculated. None have pinholes or other problems, and none are trimmed into the design. Far above average, even for this common type. [10] (\$175-225)

- 1263** 15 Cents. Fr.1267. Gem Uncirculated, with full, fairly even margins. (\$125-150)

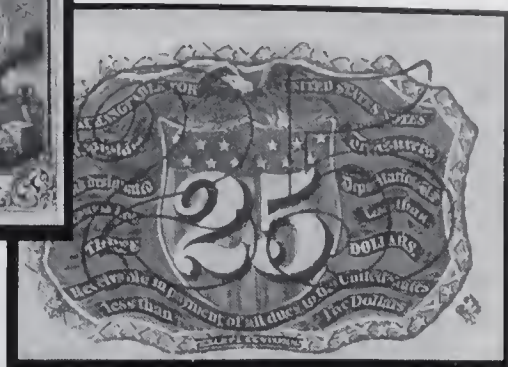

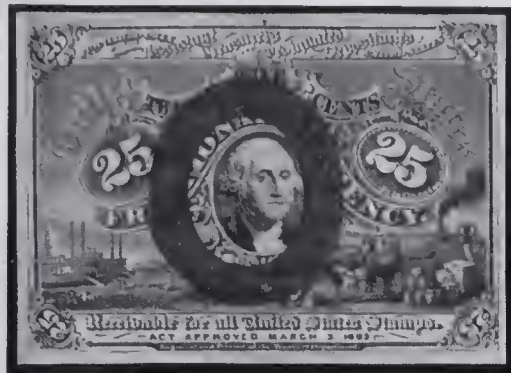

- 1264** 15 Cents. Fr.1267. Gem Uncirculated. Another very nice example with good margins. (\$100-150)

- 1265** 15 Cents. Fr.1267. AU; Fr.1271. CU, but trimmed slightly in at the right. Both bright and crisp, with good color. [2] (\$125-175)

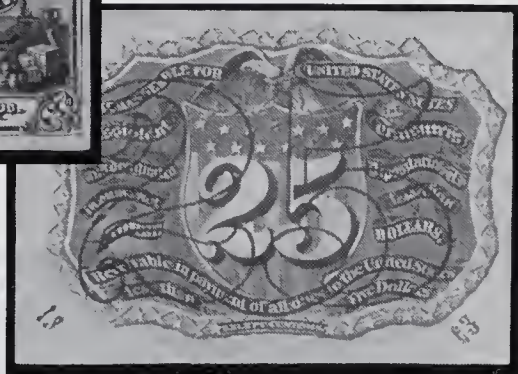

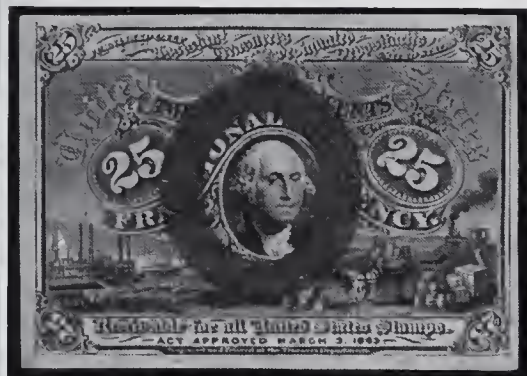

- 1266** 25 Cents. Fr.1283. Very Choice Uncirculated, close indeed to gem. (\$100-150)

- 1267** Second Issue 25 Cent Variety Group. [4] (\$125-175)
Fr.1283, 1285, 1286, 1288. Uncirculated (2) and AU (2), but each with slight problems - bad margins, aged surcharges or pinholes.

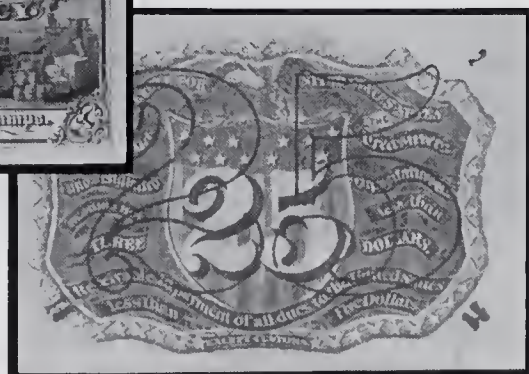

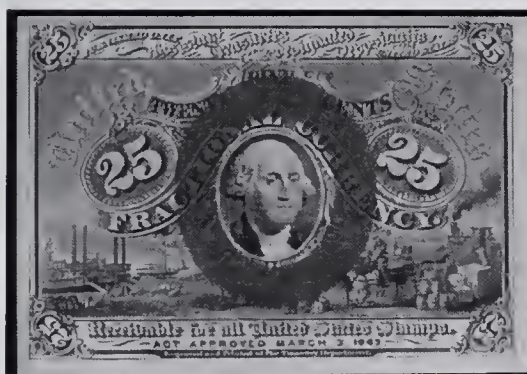

Very Scarce Fr.1284

- 1268 25 Cents. Fr.1284. 18-63. **Choice Uncirculated.** A very scarce and underrated variety, seldom available in any condition. (\$150-200)

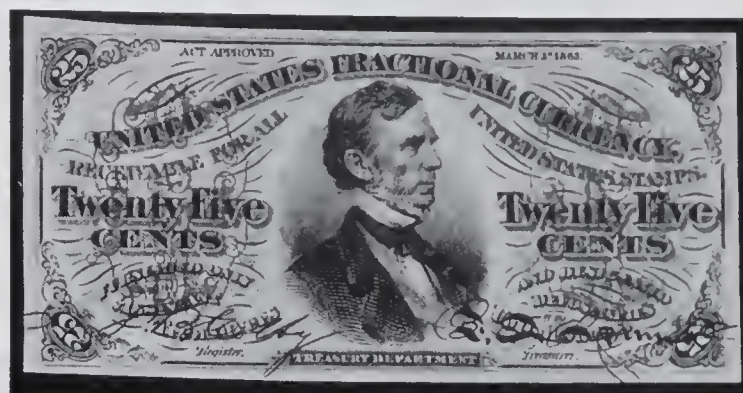

- 1269 25 Cents. Fr.1286. S-18-63. **Choice Uncirculated,** and a full gem if it had slightly better margins. The back surcharges are nice and clear, not indistinct blobs as often seen. (\$100-125)

- 1270 25 Cents. Fr.1288. 2-18-63. **Gem Uncirculated.** An extraordinary example, slightly superior to the Gengerke note and well ahead of the Friedberg piece - quite a testament to the scarcity of this variety in high grade! (\$200-300)

- 1271 25 Cents. Fr.1291. Red back. **Gem Uncirculated.** Bright and crisp, with deep original embossing. (\$200-250)

- 1272 25 Cents. Fr.1291. Red back. **Gem Uncirculated.** The back is just a bit high, but lovely originality, with deep embossing. (\$200-250)

- 1273 25 Cents. Fr.1292. Red back, 'a'. **Choice Uncirculated.** A superb example, with full deep embossing. If the top face margin were a bit better this would be a full gem. (\$100-150)

- 1274 25 Cents. Fr.1294. Green back. **Choice Uncirculated.** Though the margins do not touch the design, they are close enough to keep this otherwise lovely note from the gem class. (\$60-80)

- 1275 25 Cents. Fr.1295. Green back, 'a'. **Gem Uncirculated,** with full original embossing. (\$100-125)

- 1276 25 Cents. Fr.1297, 1298. Fiber paper. Both **Choice EF,** with just a couple of light folds. The second is also somewhat aged. [2] (\$75-125)

Please note that a 10% buyer's premium will be added to each lot purchased.

Pair of Solid Surcharge Notes

- 1277 25 Cents. Fr.1299. Solid surcharges. Choice Uncirculated. Decent face margins, the back just touching at the top. The paper is slightly toned, as are most of this rare type. Extraordinarily deep original embossing, virtually never seen on these thick paper notes. Superior to the Gengerke piece, and among the finer known examples, as this paper cracked rather easily.

(\$1250-1750)

- 1278 25 Cents. Fr.1299. Solid surcharges. Choice EF, with a single horizontal fold and a tiny sliver of the upper right corner off, not touching the design. Like the last, this one has good original embossing.

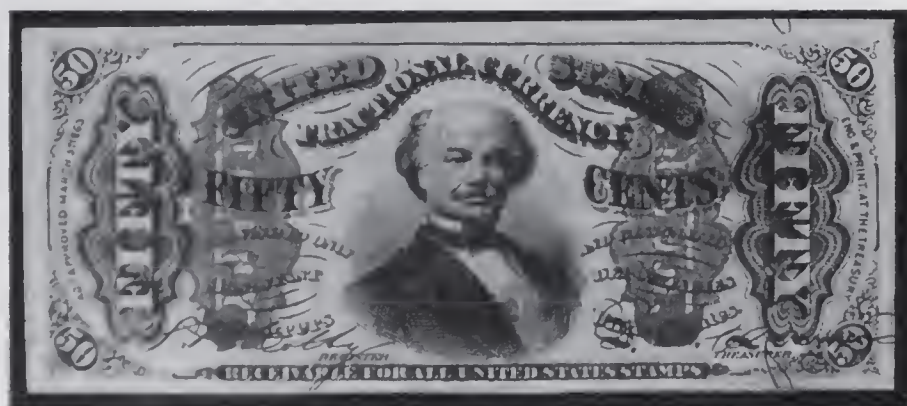

(\$600-800)

- 1279 25 Cents. Fr.1308. Long Key. A well above average group of 10 pieces, Choice to Gem Uncirculated. None have pinholes or other problems, and none are trimmed into the design. The long key variety is considerably scarcer than the short key, though the price difference is negligible at present. [10]

(\$200-250)

- 1280 50 Cents. Fr.1312. Straight edges. Choice Uncirculated, very close to gem.

(\$75-125)

- 1281 50 Cents. Fr.1324. Red back. Gem Uncirculated. Lovely full margins all around, with good original embossing.

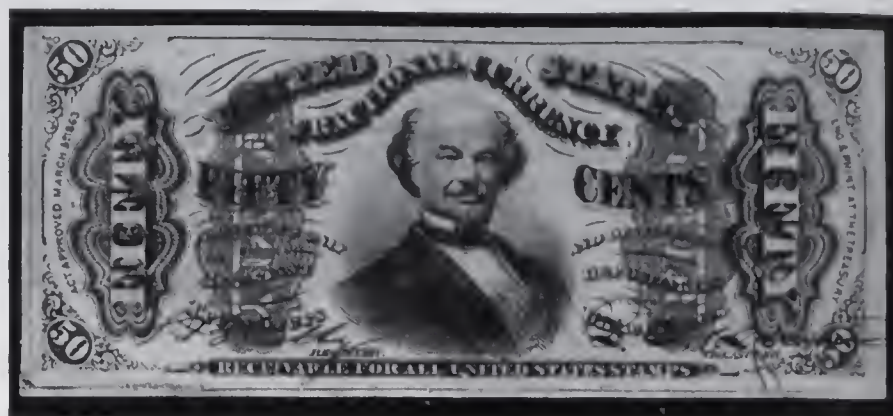

(\$250-350)

- 1282 50 Cents. Fr.1324. Red back. Uncirculated. Somewhat toned but with good margins.

(\$100-150)

- 1283 50 Cents. Fr.1324. Red back. Choice AU. A pretty, bright note with a broad corner fold.

(\$80-100)

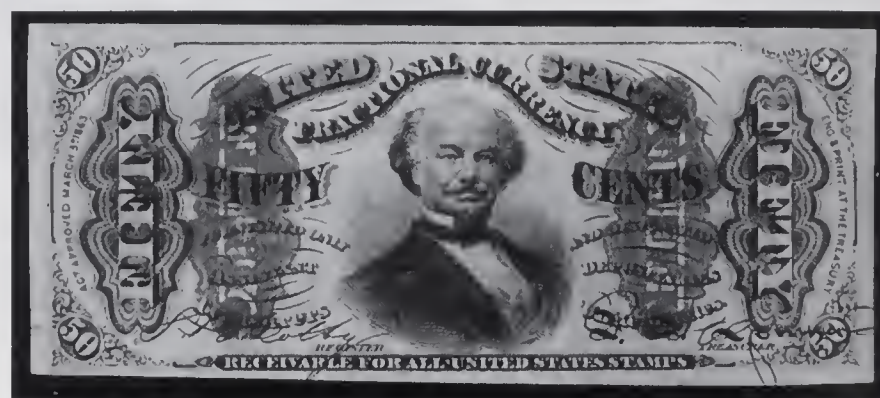

- 1284 50 Cents. Fr.1326. Red back, '1'. Gem Uncirculated. Although the back is tight at the left, the overall color and originality of this note are exceptional. From the lower left corner of the sheet, the impression of the edge of the printing plate still visible in the wide left and bottom margins!

(\$400-600)

Rare in top condition, this example is virtually equal to the Gengerke piece, and far better than Friedberg's AU.

- 1285 50 Cents. Fr.1326. Red back, '1'. Choice Uncirculated. A gem but for the centering.

(\$200-250)

- 1286 50 Cents. Fr.1327. Red back, 'a'. Gem Uncirculated, or very close to it. While not quite as nice as the gem Fr.1326 above, this is nevertheless far above average, and worthy of any high grade set.

(\$300-350)

1287 **50 Cents. Fr.1328.** Autographed signatures of Colby and Spinner. **Choice to Gem Uncirculated.** The bottom margin is close at the center, but the note is otherwise gem, with "edge of the plate" smudging in the wide top and bottom margins. The signatures have not eroded the paper as normally seen, particularly on the heavy Spinner signature. (\$200-300)

1288 **Pair of Autographed 50 Cent Notes.** (\$150-250)

Fr.1328. Were it not for a small ink erosion hole at Spinner's signature this would be a flawless Gem Uncirculated. Superb in every other respect; **Fr.1355.** AU, slightly toned, also with a small ink erosion hole at Spinner's signature. The acidic ink used to sign these notes, coupled with Spinner's famous tri-pointed pen which deposited a large amount of ink on the paper, often resulted in small ink erosion holes on these notes.

1289 **50 Cents. Fr.1331.** Green back. Technically EF or a bit better, but with broad full margins and all the appeal of a note several grades higher. (\$75-100)

1290 **50 Cents. Fr.1332.** Green back, '1 & a'. **EF-AU**, with a light vertical fold. Tightly trimmed on three sides. Very scarce. (\$100-150)

1291 **50 Cents. Fr.1333.** Green back, '1'. **Choice Uncirculated.** The back just touches at the left, but the face margins are clear all around. (\$200-250)

1292 **50 Cents. Fr.1339, 1364.** Both **Uncirculated**, with indentations in the margins from the edge of the printing plate. The second is trimmed slightly in at the top, with faint discoloration on the back from the bronze face surcharge. [2] (\$125-175)

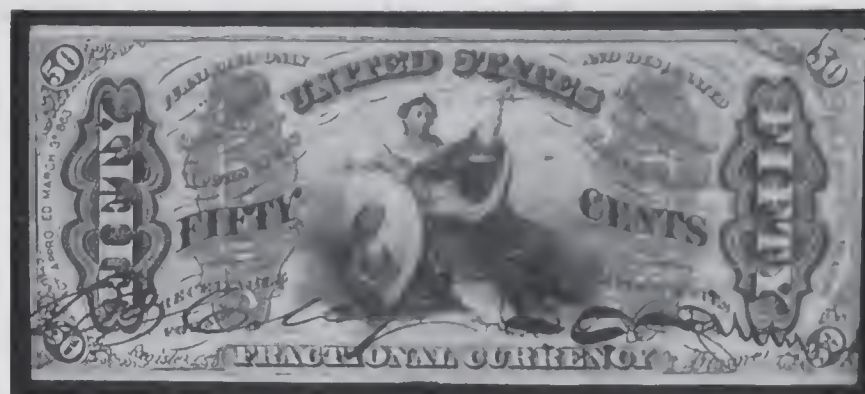

1293 **50 Cents. Fr.1340.** Type II back, '1 & a'. **Choice Uncirculated.** Very tightly trimmed at the bottom, but otherwise gem, deep embossing. Rare in any condition, but particularly rare as nice as this. (\$400-600)

1294 **50 Cents. Fr.1342.** Type II back, 'a'. **Choice Uncirculated.** The margins are a bit close, but free of the engraving all around. (\$200-300)

1295 **50 Cents. Fr.1347.** Red back. **Choice to Gem Uncirculated.** (\$300-400)

1296 **50 Cents. Fr.1347.** Red back. **Choice About Uncirculated**, with margins clear of the design all around. Bright and crisp, with beautiful color. (\$175-225)

1297 **50 Cents. Fr.1355.** Autographed signatures of Colby and Spinner. **Choice Uncirculated**, and close to gem. Bright, with margins clear of the design all around. (\$350-450)

1298 **50 Cents. Fr.1355.** Autographed signatures of Colby and Spinner. **Choice Uncirculated**, again with margins clear of the engraving all around. Nearly identical to the last, just slightly more toned. (\$300-400)

1299 **50 Cents. Fr.1359.** Green back, '1 & a'. VF, with a couple of small (3mm) holes at the left end. Very scarce; **5 Cents. Fr.1237.** Red back. VF-EF. [2] (\$125-200)

1300 **50 Cents. Fr.1362.** Green back. **Gem Uncirculated.** A simply stunning note, with margins all around. If you didn't know this note was 130 years old, you'd think it was printed today! It would be hard to imagine a finer example, even for this relatively "common" type note. (\$500-700)

Slightly better than the Gengerke note, and far better than the Friedberg piece.

1301 **50 Cents. Fr.1374. Lincoln. Uncirculated.** Though there are no folds, there is a bit of teller handling. Scarce, and very popular, as it has one of the finest portraits of Lincoln even engraved. (\$125-175)

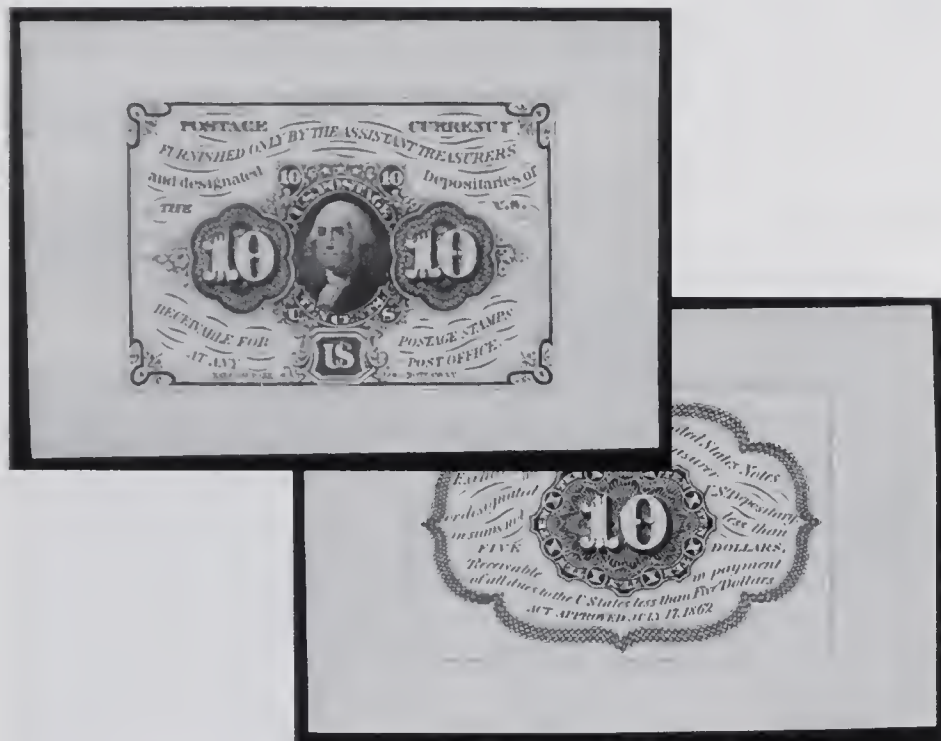

- 1302 50 Cents. Fr.1374. Lincoln. About Uncirculated. No folds in the note, but the bottom border has been "bumped" at the center. Otherwise Choice Uncirculated, with a nice bright appearance. (\$100-125)

Half Pack of Crawford 50 Cent Notes

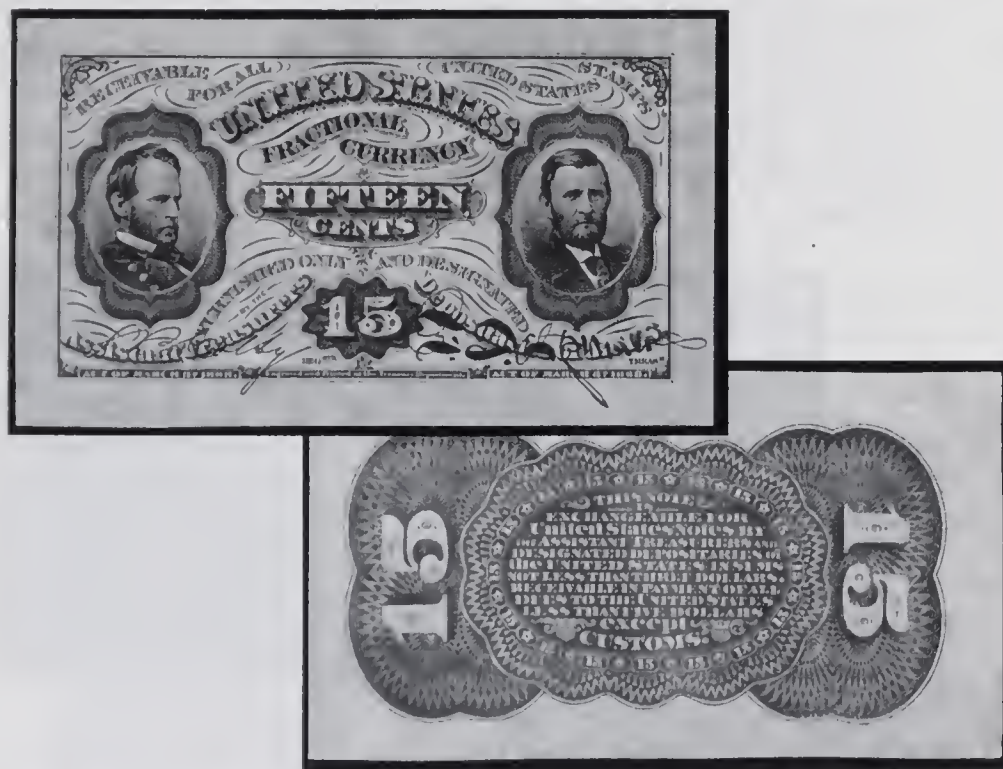

- 1303 50 Cents. Fr.1381. Half Pack of 10 Notes. Choice to Gem Uncirculated, mostly the latter. [10] (\$400-600)

This is an exceptionally nice original group, with broader than normal margins for the most part. Crawford notes are for some reason usually close on either the top or bottom - most of the notes in this group are exceptions to the rule.

Fractional Currency Proofs and Specimens

- 1304 10 Cents. Fr.1243-SP. Wide margin face and back. Gem Uncirculated, and virtually unimprovable, with broad even margins and bright paper and ink. (\$300-400)

- 1305 15 Cents. Fr.1272-SP. Grant & Sherman. Semi-wide margins. Choice Uncirculated. Slightly trimmed down wide margin pieces, the borders now about a quarter inch on average. [2] (\$150-200)

- 1307 Second Issue "S-18-63" Group. [3] (\$100-150)

- 1313 Ten Cent Variety Group, second through fifth issues. [7] (\$150-200)
Fr.1244, 1255, 1257, 1259, 1264, 1265, 1266. All Uncirculated, some choice. No "problem" notes.
- 1314 Fourth Issue Variety Selection. [6] (\$150-250)
10 Cents. Fr.1257; 15 Cents. Fr.1267; 25 Cents. Fr.1307; 50 Cents. Fr.1374, 1376, 1379. The Lincoln is EF, the Stanton AU. The rest range from Uncirculated to Choice Uncirculated. None have any problems other than a close margin here and there.
- 1315 25 Cent Type Set. Fr.1281, 1283, 1295, 1303 and 1308. The 1283 is AU, the rest CU but with minor problems (bad trimming, pinholes or green surcharges. [5] (\$125-175)
- 1316 50 Cent Type Group. Fr.1312, 1322, 1374, 1376, 1381. AU, EF, AU, CU tightly trimmed, and CU aged, respectively. A generally pleasing group, with no problems. [5] (\$300-400)

5 Cents Fr.1239; 10 Cents Fr.1256; 25 Cents Fr.1294; 50 cents Fr.1355. The last is AU, faded, but the rest are Choice Uncirculated, gem but for close margins.

Rare Bond Detector Book

1319 "The American Bond Detector and Complete History of all the United States Government Securities..." Washington D.C., 1869. The

Bond plates are generally quite nice, the coin plates flat, one damaged. Some light waterstaining throughout and on the slightly scuffed covers, which attached but loose. Better than it sounds, and very popular. (\$1000-1500)

Scarce Department Store Credit/Charge Pieces

- 1320 Early Department Store Celluloid "Credit Cards." Kresge Department Store (2) and L. Bamberger & Co., all Newark, NJ. Only very slight signs of use. (\$125-150)

Before the credit cards none of us can now live without, major stores issued celluloid cards (dating as early as the 1890's) and later metal charge plates (1940's on), bearing the customers name and/or account number. The cel-

luloid pieces are rarer, as fewer were issued and they deteriorated more readily. These pieces are for the Kresge Department Store (2, in blue, with a vignette of the store on the back), and L. Bamberger & Co. (black and brown, also with a vignette of the store on the back). Though undated, we would estimate them to be from the 1920's to 1930's. Very scarce, and in unusually nice condition.

Balston bought out the Whatman family he did not get the Turkey Mill which fell to the Pitt family. The Pitt's continued to make paper with the "Whatman" watermark, which led to litigation, which was resolved by the Pitts agreeing to add the Turkey Mill name to their "Whatman" paper to differentiate it from Balston's. This is the first usage we know of for this paper on a Confederate era note.

(\$500-750)

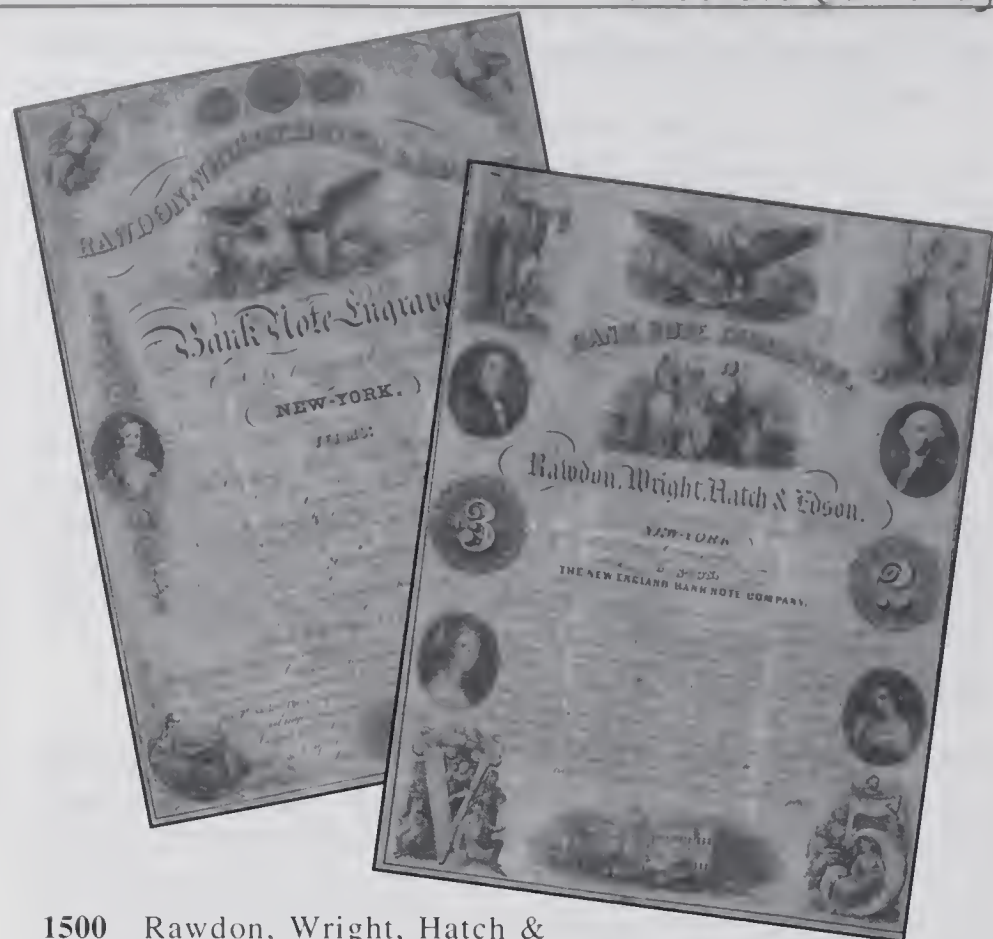

This extraordinary lot consists of two full 32-note test sheets designed to show off the Giori press to best advantage. The notes have a beautifully engraved vignette of William Shakespeare at the right, with the Globe Theatre at the left. The back has Shakespearian vignettes, including Laurence Olivier as Hamlet. One of the two sheets has the autograph of Gualtiero Giori between the two notes at the bottom right corner of the sheet. A much simpler single test note is included, No.GG991901, also signed by Giori, plus a card dated December 14, 1982, presenting the note. Our consignor believes this to be the only extant note autographed by Giori, and we have no records of an others. The deluxe dark green presentation folder included is from a demonstration given in Lausanne in 1982 for the governors of 60 Central banks. It contains numerous brochures giving the technical specifications for the press, which, as is noted on the test pieces, was designed to print an entire note in one pass - "one pass completa." The test notes were designed and engraved by Thomas De La Rue and Co., and printed on De La Rue Giori equipment. Giori was one of the founders and first president of De La Rue Giori S.A. The entire presentation forms what is both artistically and numismatically the most impressive selection of test pieces we have ever had the pleasure to offer.

Confederate Bonds

- 1515 Act of February 28, 1861. \$50. (Cr.1). No.19. Signed by Clitherall. VF, a small body hole, a lightly trimmed left border. (\$1000-2000)

This bond was deacidified so that the crossed out "Montgomery" is hard to see. Furthermore, no "Richmond" was written in, which would make another variety, should anyone think it worthwhile to acknowledge it as such.

- 1548** Act of February 17, 1864. Call Certificate. \$100. (Cr.162). No.114, one of only 200 prepared. Nominally VF, but there are back hinges, staining, paper deterioration in the right side and the bottom margin has a tear at the right. (\$1500-3000)
This certificate is excessively rare in issued condition; we know now of only three extant with about 10 remainders in any condition. This piece was part of the Ford collection, where it brought \$3,500 plus buyer's premium.

Japan

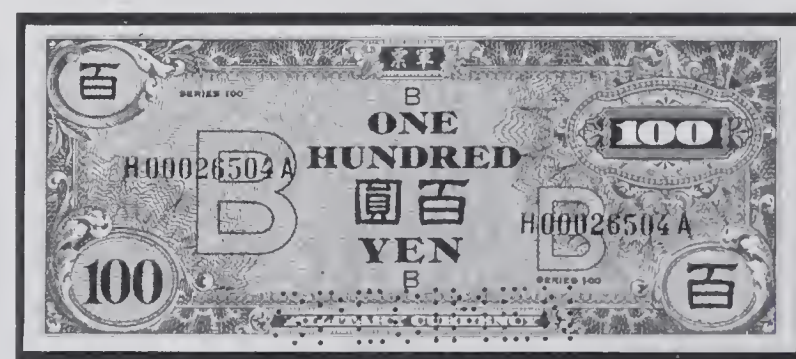

- 1646 Great Imperial Japanese Government. 1 Yen. (P-10). G-VG, aging, dark, back hinge marks. (\$750-1500)

The vignette on the back commemorated the defeat of the Mongol invaders in the late 13th Century. The Mongols had landed and, despite the heroic efforts of the Japanese, were beginning to break out of their beachhead. The Emperor then repaired to the temples of his divine ancestors, the sun goddess and the storm god, to pray for their aid. That night the Mongol's Korean fleet was overwhelmed by a tremendous typhoon or hurricane. The invaders were either drowned in the storm or wiped out on land. The storm became known as the Kamekazi, or "Divine Wind," hence the name given to this note.

The siege of Leyden was one of the key events of the Dutch

revolution against Phillip II of Spain. The Duke of Alva, the Spanish viceroy, besieged the city and was nearing its capture from starvation when the Dutch opened the dykes, forced the Spanish army to withdraw and sailed to the city with supplies. The good burgers were offered perpetual tax exemption or a university as a reward for their heroism. Recognizing that tax exemption would proved to be short lived, they sensibly chose the university, which survives to this day.

These "coins" were emitted because of the shortage of coin and the need to pay the soldiers and replace hoarded coins. The Stuiver is worth 5 cents in current Dutch money, with 20 to the guilder.

the name assigned to the new European currency to be adopted in 1999. This proposal led the United States Mint to strike the so-called Stellas, but the plan for a universal currency was abandoned. The French sheet is blue, the British black and the American green. AU, some taped splits.
